### Protect Your Town

"Protect your town and thereby show that you are in favor of protection. As town people we should favor our own town above every other, as the growth and development of it is what will enhance the value of all property both in and about it. Then buy your dry goods, groceries, furniture, and other things at home. Have your printing, your black-smithing your shoemaking done at home; patronize home in every instance that you can. The success of our merchants and mechanics means new business houses and residents, additional demands for labor of various kinds. To the farmer a first-class town affords a better market for his grain, a better trading point. Such a town is bound to increase the value of his land. Unquestionably in union there is strength. Let us protect our town."—Exchange.

### Lincoln Day Observance

County Superintendent Montgomery of the county schools has prepared and sent out circular letters to the various teachers of the county regarding the observing of Lincoln Day on Feb. 12, with appropriate exercises. The letter follows:

"Please let me call your attention to the fact that the Legislature of this state has passed an act directing the schools of California to observe February 12th, the one hundredth anniversary of Lincoln's birthday, by appropriate exercises. This act has just been signed by the governor, so that it is now a law.

"The time is short for collecting material and preparing adequate exercises. The State Superintendent's office is preparing a manual or hand book of Lincoln literature which is now in the press. A supply of these manuals will be received at this office in a few days and copies will be sent to those schools desiring them.

DEWITT MONTGOMERY,  
"Superintendent of Schools."

The literature which is to come from the State Superintendent's office in a few days is to be very complete and will be a valuable asset in the preparation of the celebrations which are to be held.

### Richard Lister Watt

Richard Lister Watt, infant son of Mr. and Mrs. R. L. Watt, of Shellville passed away at the family home on Saturday evening Jan. 30. The little boy had been seriously ill for the past three weeks with a complication of diseases. Had he lived until Feb. 11 he would have just seven months old. The funeral took place at the home of the deceased on Monday last at 12 M. Interment in Mountain Cemetery. The sympathy of the EXPOSITOR and the entire community is extended to the bereaved parents.

### A. E. Sondag, the Tailor

A. E. Sondag, the tailor, formerly of Sonoma, was in the valley this week taking orders for men's tailor-made suits. Mr. Sondag and family are temporarily located in Fruitvale, but the former expects to get permanent quarters for his tailoring establishment in the metropolis, in the near future. For many years he has enjoyed a liberal patronage from this valley and his work always gives satisfaction. Mr. Sondag will make regular weekly trips to the valley and solicits a share of the trade. Give him a trial order for a good suit and you'll be satisfied.

### Masquerade Ball

A masquerade ball will be given by the Woman of Woodcraft in Glen Ellen on Feb. 20. Two prizes will be given for the best sustained characters—lady and gentleman. Good music will be in attendance. Costumes can be obtained at the hall. Admission 25 cents. Supper 25 cents. A large attendance and a good time assured.

### Sullivan-Dunbar Nuptials

Miss Nellie Sullivan of this city and Mr. Lee Dunbar, a commercial traveler of San Francisco, were quietly married in Santa Rosa last Saturday by the Rev. Patton of that city. The bride is a popular and attractive Sonoma girl and a graduate of the local grammar school. She has made her home since childhood with Marshal and Mrs. J. H. Albertson in this city.

Mr. Dunbar is well known in commercial circles of the Pacific Coast, having been a successful drummer for many years. He has recently accepted a position with S. D. Glaister, the Broadway grocer. Mr. and Mrs. Dunbar expect to make Sonoma their permanent home. The EXPOSITOR joins their many friends in extending to the happy couple hearty congratulations and best wishes for a happy and prosperous wedded life.

### Beware of Ointments for Catarrh that Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price, 75c. per bottle.

Take Hall's Family Pills for constipation.

### Seeks a Right of Way

The California Railroad Company of San Francisco began three condemnation suits against the property owners of Napa Junction Saturday in order to secure a right of way for its San Francisco-Sacramento line.

This company was organized by a prominent group of San Francisco capitalists last September and incorporated with a capital of \$2,500,000. The purpose was to build an electric line from the metropolis to the capital city via Marin county, crossing the bay by means of a ferry.

The action Sunday indicates that active operations will begin at once. It is understood that this company has acquired the Sacramento and the Vaca Valley and Napa lines will incorporate them in the proposed system.

It is understood that the Petaluma and Santa Rosa electric railway will connect with the California Company a few miles north of San Rafael and give Santa Rosa another direct connection with Sacramento.

### Indigestion Ends

You can eat anything your stomach craves without fear of a case of Indigestion or Dyspepsia, or that your food will ferment or sour on your stomach if you will occasionally take a little Diapiesin after eating.

Your meals will taste good, and anything you eat will be digested; nothing can ferment or turn into acid or poison or stomach gas, which causes Belching, Dizziness, a feeling of fullness after eating, Nausea, Indigestion (like a lump of lead in stomach), Bilioussness, Heartburn, Waterbrash, Pain in the stomach and intestines, or other symptoms.

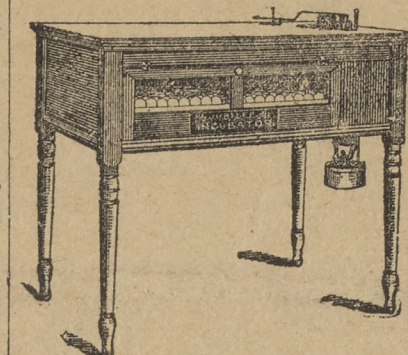

Headaches from the stomach are absolutely unknown where this effective remedy is used. Diapiesin really does all the work of a healthy stomach. It digests your meals when your stomach can't. Each triangle will digest all the food you can eat and leave nothing to ferment or sour.

Get a large 50-cent case of Pape's Diapiesin from your druggist and start taking today and by tomorrow you will actually brag about your strong healthy stomach, for you then can eat anything and everything you want without the slightest discomfort or misery, and every particle of impurity and Gas that is in your stomach and intestines is going to be carried away without the use of laxatives or any other astringent.

### Our Bow

To the people of Sonoma city  
and valley we present this, our  
first issue of the SONOMA VALLEY  
EXPOSITOR and in so doing it is  
due you that we outline the plans  
and policies we intend to pursue.  
The EXPOSITOR shall be continued  
as an independent paper and we  
shall ever strive in the matter of  
politics to work for the good of  
our community and for the man  
who shows the most stability and  
integrity, the one best adapted to  
fill the position to which he aspires,  
irrespective of party.

We shall stand back of every  
movement for the betterment of  
our city and valley and shall ever  
work with might and main for the  
introduction of factories and other  
business interests whereby the coun-  
try may develop and one and all  
may profit by the growth and pros-  
perity of our nature-favored section.

It will be our earnest desire and  
we shall ever strive to be broad-  
minded on all propositions and  
view a subject from all sides—look-  
ing well before we leap—realizing  
we do not know it all.

In conclusion we would ask for a  
fair share of your patronage believ-  
ing we can please everybody in our  
line of work.

Respectfully yours,  
C. L. NEWMAN.

### Connection Severed

On February 1st, W. O. Hocker  
severed his connection with the  
EXPOSITOR, and it is with regret the  
people of this city and vicinity learn  
of the intended departure of him-  
self and family from our midst.  
Mr. Hocker has conducted the EX-  
POSITOR for a number of years and  
brought the paper practically from  
obscurity to be the leading paper  
of Sonoma Valley and in his whole  
career as an editor has ever work-  
ed for the best interests of the val-  
ley, never allowing business inter-  
ests to stand in the way of principle.  
The many friends of Mrs. Hocker  
will be pleased to learn that herself  
and children will remain in Sonoma  
for sometime, having moved in Dun-  
bar's house on Broadway, until Mr.  
Hocker finds a suitable location.

### Born in Sonoma

"To us a sun is born"—again  
said Sonoma and great was the re-  
joicing, for it seemed that sun had  
left this section of the earth sur-  
face. For forty days and forty  
nights almost, it has rained and  
ruined and while no great damage  
has been done, the continual down-  
pour was getting tiresome. Today  
has been ideal weather and more  
days like it would be heartily ap-  
preciated. The total rainfall in Son-  
oma for this season has been 24.74  
inches.

### Lincoln Day Exercises

An appropriate and well selected  
program of exercises has been ar-  
ranged for the Lincoln Day Cele-  
bration in Union Hall next Wed-  
nesday afternoon, Feb. 12th at 2  
o'clock. Everybody is invited to  
attend and show respect and honor  
to our greatest American Citizen  
and one of the greatest men that  
ever lived in modern times. The  
program in full can be read else-  
where in these columns.

### John R. Spellacy Dead

John R. Spellacy a former resi-  
dent of this city, where he engaged in  
the restaurant business, passed away  
in Santa Rosa last Sunday. He  
had been ailing for some time.  
He leaves a widow and seven  
children to mourn his loss.

## City Loses Decision

In the suit of the Steiger Terra  
Cotta and Pottery works against  
the City of Sonoma the Appellate  
Court has reversed the decision of  
the Superior Court at this county  
which decided in favor of the  
defendant city. The sum involved  
about \$900 was for tiling etc. fur-  
nished for the New City Hall.

This decision encourages the  
bondsmen of the first contractor,  
J. T. MacQuiddy who claim that  
the city owes them for material  
transferred to them by MacQuiddy  
and which was subsequently used  
in finishing the building.

## Distribution of Seed

We are in receipt of a sack of  
garden seeds ordered sent to us  
by Congressman D. E. McKinlay  
for distribution among our patrons.  
He states that he will be glad to  
send seeds to any one who will write  
to him for them. The Department  
of Agriculture issues over 350  
farmers' bulletins which cover a  
like number of subjects. The  
bulletins will be sent to anyone  
desiring them. They are invaluable  
to the farmer and lists will be sent  
to those who write for them, from  
which the ones desired may be  
selected.

## Coming Event

On the evening of the 12th, inst.  
Lincoln's birthday, the Woodmen  
of the World and Woman of Wood-  
craft of this city will jointly give an  
entertainment and banquet. Each  
member can invite two friends.  
If you get an invitation you're in  
luck. Every thing is furnished  
free. The following program will  
be rendered:

1. Opening Remarks by the Chairman.
2. Piano Solo.
3. Remark on Life and Character of Abraham Lincoln.
4. Vocal Solo.
5. Recitation.
6. Vocal Duet.
7. Piano Solo.
8. Comic Story.
9. Whistling Solo.
10. Singing Star Spangled Banner by entire Company.

## Moving Pictures at El Verano

Francisco Bescioni has received  
his picture machine and will give  
an exhibition in the Bellevue Hotel  
Sunday afternoon and evening,  
Feb. 7th, beginning at 8 P. M.  
sharp, and continue until 10 P. M.  
Admission free. Mr. Bescioni has  
the latest improved Edison machine  
and will show three thousand fee-  
opictures. Don't miss this event,  
it is worth seeing.

He will exhibit at Sonoma in the  
Dal Poggetto Building this Friday  
and Saturday afternoons and even-  
ings, from 3 to 10 P. M.

## Went to Eldridge

President Charles E. Haven and  
Director Joseph P. Berry, of the  
board of Directors of the Home  
of the Feeble Minded at Eldridge,  
went over to that institution Thurs-  
day afternoon. Their trip was to  
discuss requirements for the home  
in seeking the proper aid from the  
Legislature financially.—Santa  
Rosa Republican, Jan. 28.

## To Our Patrons

In the sale of the EXPOSITOR to  
C. L. Newman it has been mutually  
agreed that W. O. Hocker collects  
all accounts due the EXPOSITOR up  
to Feb. 1, 1909 except for subscrip-  
tions, and pays all bills against the  
EXPOSITOR. Those knowing them-  
selves to be indebted will call and  
settle immediately.

Very respectfully,  
W. O. HOCKER  
C. L. NEWMAN.

## It Always Pays

"For heaven's sake take out that  
For Sale' ad of mine in the Mis-  
cellaneous column. So many peo-  
ple are coming out to my place in  
answer to the EXPOSITOR ad, that  
I have no time to do my work." Thus  
spoke Mr. J. Steckmeyer, the poultry-  
man of El Verano, in the EXPOSITOR  
office this morning. He says, "You bet  
it pays to advertise in the EXPOSITOR—every-  
body reads it."

## Against Law Now

You must stop catching steel  
heads and trout for a while now.  
The closed season began on Mon-  
day. It's against the law now to  
catch speckled beauties until  
the spring.

Green, Sec'y; H. W. Gottenberg,  
I. S.; August Marcy, O. S.

At the conclusion of the business  
of the Parlor, the members and a  
number of invited guests repaired  
to the Tuscano Hotel where Mine  
Host Ciucci had prepared an  
elaborate and delicious dinner.  
On the menu were the best the  
market afforded. Among a few of  
the good things we might mention  
roast turkey, boiled chicken, East-  
ern oysters on the half shell, rav-  
ioli, and Dresel's best vintage.

Past Pres. H. W. Gottenberg  
acted as toast master and many  
short toasts were responded to.  
Bros. Valente and Marzo and Mr.  
Millrick rendered pleasing vocal  
selections. Fred. Liedeker man-  
ipulated the graphophone.

About 45 were present and it was  
unanimously voted that Mr. Ciucci  
was a jolly good fellow and the  
banquet one of the best ever.

## Money for Napa River

A message received by the Napa  
Chamber of Commerce recently  
from Congressman McKinlay stated  
that an appropriation of \$10,000  
had been allotted for the improving  
of the Napa river, to be sent before  
December 31, 1910.

The channel of Napa River needs  
deepening and straightening, as the  
navigation of the stream by steamers  
and schooners from San Francisco  
is increasing.

The war department is also for-  
mulating plans to turn and divert  
the current of the river near Mar-  
Island navy yard so as to prevent  
the accumulation of silt in the  
approaches to the island.

## Still on Earth

Some people have been considerably excited of late over a rumor that has been passed around that our predecessor, W. O. Hocker, had passed away. And, of course, upon hearing the same we immediately began to trace down the report. One of our best physicians was approached and, after close questioning, admitted he had heard the report. So from source to source we went until at last we were led in front of the EXPOSITOR office and shown a sign board, which the recent heavy storms had blown down, and this is what we read: "Printing Office, W. O. Hocker, Proprietor." The fingers were pointing directly Heavenward, which showed us the starting of the report. We are glad to state that such is not the case. He has not gone to Heaven—just moved down on Broadway.

## BUSYBODIES VS. TRUTH.

Here Are The Facts—Judge For Yourself.

Busybodies who see in success only a false, who, without making an effort to inform themselves, blantly cry offense against honesty and truth—seem to forget that a slur against Dr. Pierce's well-known non-alcoholic family remedies is a slur against the intelligence of thousands of clear-thinking American women who know they have been helped and cured by Dr. Pierce's Favorite Prescription. It is not a "patent medicine" in any sense—it is simply the favorite remedy which Dr. Pierce used in an extended practice for the treatment of the diseases peculiar to women.

**Truth and Influence.** A name for honesty and square dealing is better than great riches. Fraud is a bubble that soon bursts. Dr. K. V. Pierce has always been known to speak the truth—his famous medicines are founded on the rock of public approval and have thousands of truthful testimonials as to their ability to cure diseases for which they are recommended.

**True Speaking.** No man ever lost a prospective customer through telling the truth. In the long run Dr. Pierce believes the truth will prevail and he is therefore not afraid to make public his formula.

**Valuable Trade Secrets.** The ingredients of Dr. Pierce's Favorite Prescription are given to the public. He vindicates the excellence and harmless character of his "Prescription" by letting ailing women know just what they are taking when they use this reliable remedy and nerve for the diseases and illnesses peculiarly feminine. These ingredients are combined in just the right proportion to make an efficient remedy, without the use of a particle of alcohol, and they are as follows: Golden Seal root, Black Cohosh root, Ulicorn root, Blue Cohosh root, Lady's Slipper root, with chemically pure glycerine of proper strength for

extracting and preserving the active medicinal principles residing in the above native roots.

**No Alcohol Used.** Dr. Pierce never believed it necessary or advisable to use alcohol in the preparation of either his "Favorite Prescription" for weak women, or his "Golden Medical Discovery," the well-known alternative tonic, which is so largely used as a remedy for indigestion, torpid liver, bad blood and kindred ailments. Over forty years ago, he discovered that chemically pure glycerine is a far better solvent of most of the active principles residing in our native medicinal plants when used at a proper and sustained temperature than is alcohol; and, furthermore, he found that a glyceric extract kept much better than an alcoholic one, and that the glycerine possessed intrinsic remedial value, being demulcent, nutritive and an effective anti-ferment. Although costing somewhat more, Dr. Pierce prefers that glyceric medicinal extracts will, in the not distant future, largely replace alcoholic ones so generally prescribed by physicians and put out by proprietors or "patent medicine" manufacturers, as being more efficient and entirely free from the serious objection of making a valueless, being demulcent, nutritive and an effective anti-ferment. **Dr. Pierce's Pleasant Pellets.** When the "Favorite Prescription" is not quite lastative enough, as in obstinate constipation, the little, pleasant, sugar-coated "Pellets" should be taken to aid the "Prescription." One or two for a laxative, two to four for a cathartic. They alone have been known to cure many bad cases of stomach trouble, dyspepsia and indigestion. They act on the liver and regulate the bowels. Put up in glass vials, corked, therefore, always fresh and reliable. **Pleasant Pellets.**

## BREVITIES

The courses in irrigation in the University of California have more than doubled in their attendance in the last two years. In 1905-06 there were ninety-five students enrolled; for 1908-09 there is a total of over two hundred. M. A. E. Chandler, lecturer in irrigation, and at present Engineer of the United Reclamation Service, is giving the course in Irrigation Institutions, and Professor B. A. Etcheverry, acting head of the department, is conducting four courses in Irrigation Engineering, while he is completing for the Bureau of Irrigation of the United States Department of Agriculture, a bulletin on the Use of Concrete and Reinforced Concrete for Irrigation Canals.

General prosperity all over California is noted by the reports received by the California Promotion Committee. The rains of January while doing some damage along the immediate vicinity of the Sacramento and San Joaquin rivers, have brought incalculable benefit to the agricultural interests of the State and presage heavy crops of all kinds.

Sour stomach makes sour people. It makes your disposition sour—you become disliked because of your sour nature. Every bit of it can be stopped just as soon as you take something to digest the food you eat. Sour stomach is caused by too much acid arising from undigested food. Kodol for Dyspepsia and Indigestion will digest any kind of food in any combination at any and all times. Keep your stomach well by taking Kodol now and then. Sold by all druggists.

William H. Taft and the engineers accompanying him reached Culebra from Panama, Monday on a special train and are making a detailed examination of the fourteen miles of the Culebra cut.

This is the most dangerous time of the year to take cold, and it is the hardest time to cure it. If you should take a cold, a few doses of Kennedy's Laxative Cough Syrup will act very promptly. Its laxative principle cures the cold by driving it from the system by a gentle but natural action of the bowels. Children especially like Kennedy's Laxative Cough Syrup, as it tastes so good, nearly like maple sugar. It is sold by all druggists.

He who does the best he can is always improving. His best of yesterday is outdone today, and his best of today will be outdone tomorrow. It is this steady progress no matter from what point it starts, that forms the chief element of all greatness and goodness.

Most women who have bad complexions have dyspepsia, or at least indigestion, which eventually will become dyspepsia. To have fine, fair skin and healthy, rosy cheeks you have to have first a good, healthy, perfect digestion in order that you may have rich, red blood. Keep your stomach well by taking Kodol for Dyspepsia and Indigestion occasionally—just when you need it. It is pleasant to take. Sold by all druggists.

The Forestry Committee of the assembly has voted to report favorably the bill appropriating \$125,000 for the purchase of the Armstrong Grove of redwoods, near Guerneville.

The Harbor Board at the meeting held Thursday Nov. 28th, in San Francisco, directed Secretary Thorpe to instruct the Superintendent of the Free Market to notify all tenants that the rate charged on produce will be re-adjusted so as to meet the cost of maintaining the market, as is provided by law. It was stated that the business of the market has declined, and the revenue does not pay the expenses of maintaining it, while the law imposes that condition that the revenue must pay for its maintenance. The action taken is considered equivalent to closing the market.

**Many Sleepless Nights Owing to a Persistent Cough. Relief found at last**

"For several winters past my wife has been troubled with a most persistent and disagreeable cough, which invariably extended over a period of several weeks and caused her many sleepless nights," writes Will J. Hayner, editor of the Burley, Colo., Bulletin.

"Various remedies were tried each year, with no beneficial results. In November last the cough again put in an appearance and my wife, acting on the suggestion of a friend, purchased a bottle of Chamberlain's Cough Remedy. The result was, indeed, marvelous. After three doses the cough entirely disappeared and has not manifested itself since." This remedy is for sale by L. S. Simmons.

It is wonderful how the casualties of life seem to bow to a spirit that will not bow to them, and yield to subserve a design which they may, in their first apparent tendency, threaten to frustrate.

Several special revenue agents visited Healdsburg last week and it is learned that four parties fell victims to their investigations for infractions of the revenue law. The fines were from wineries and others for selling wine without a wholesale license. ## Wise Talks by the Office Boy.

"One touch of nature makes the whole world kin," but you'll need an overcoat this kind of weather, just the same. Nature studies will do for the good old summer time, but not for this winter. Sometimes

I think the boss laid in too many suits and overcoats, and he certainly did buy them to burn; but, say, the only thing they burn up is all the style and good value in all the other coats that I have ever seen in this town. That sounds a little boastful, but we can "deliver the goods" and the prices are cut now to beat the band. All suits and overcoats are one-fifth or 20 per cent. off. One lot of kid suits go at one-half price. Nearly everything in this shop at a reduced price to clear out to make room for spring goods which will begin to arrive in a few weeks. Come in and look around.

## A SCIENTIFIC RUBE.

**Knew More Than the Expert When It Came to Local Conditions.**  
"We were sitting around the stove in the bar of the little hotel in a Maine town," writes an electrical salesman in the Electrical Review, "when the electric lights flickered and went out."

"From the darkness came a solemn voice that said:  
"Electric lights all out, I'm sorry, and yet it ain't blowin' hard, either. Somethin's happened to the dynamo, maybe."

"I had been selling electrical supplies to the little lighting companies for several months, but I had never heard this particular idea expressed before."

"I laughed long and loud and was all the more amused when no one joined me.  
"After they had lighted a big kerosene lamp I proceeded to explain to the crowd that incandescent lamps can't be blown out by the wind. When I had finished the old rube who had commented on the light said:  
"Look here, young man, if you knew a little somethin' about local conditions and about your own business you'd know that the wires in this township are hung up slack on the poles in some places and that they get to sagging in a good stiff breeze. When they do there's a short circuit that puts the line out of business."

## His Only Conundrum.

The old pilot of the little steamer Maid of the Mist, which used to carry passengers quite up to the foot of the falls of Niagara until the mist from the falling waters drenched the clothing of every one on board, used to perpetuate one solitary conundrum each trip. It always commenced and ended the same.

Moving his hand along the sides of the pilothouse and examining the woodwork minutely, he would look up mysteriously and remark:  
"I say, stranger, do you know what this boat is made of?"

"Made of? Why, pine and oak, isn't she?"

"No, sir."  
"Hemlock?"

"No."  
"Tisn't cedar, is it?"

"Oh, no!"

And then the old pilot's eyes twinkled and his mouth twisted a crazy tune.

"Well, iron perhaps?"

"No."  
"What in thunder is she made of, then?"

"She's Maid of the Mist, stranger; Maid of the Mist."

Then the pilot accepted his morning cigar.
